

Reusable Biopsy Instruments – Needles

Pro-Mag™ Ultra ST

Pro-Mag™ Ultra ST Automatic Biopsy Instrument is designed to harvest high quality histological specimens.

- Features a 14 mm “Throw” advancement.
- Trigger is easily actuated (fired) from the front or rear of the instrument.
- Built-in safety automatically activates, preventing accidental firing.
- Easy specimen retrieval without removing the needle from the instrument.
- May be sterilised using conventional methods.
